

PULP & PAPER

1978 editorial index

By

Subject • Company • Country • Author

Complete listings of all articles and news stories published in 1978 issues of PULP & PAPER. Article listings are by subject matter, by company, and by author. News stories are listed by company, and articles and news stories covering activities outside North America are listed under the name of the foreign country.

NAP = North America/Profile 1978 (June 30 issue)

BG = Buyers Guide (November 15 issue)

Index by subject matter of 1978 P&P feature articles

Chemicals

Antraquinone—new pulping additive looks like magic	May 86
Canadian demand rises with mill operating rates	Nov 71
Modified starches meet needs of coated, uncoated paper	Nov 170
Patrician Paper cuts sheet sticking with release agent	Jul 82
Pearl starch conversion at mill improves profitability	Aug 92
Pitch problems solved with specialty chemicals	Mar 177
Polyvinyl alcohol/starch sizes reduce pulp costs	Feb 125
Register of commonly used coating and filler pigments	BG 36
Rising rosin demand discussed at Naval Stores meeting	Dec 62
Slurry pigments—energy costs will determine demand	Nov 142
Supplier directory for chemicals used in the industry	BG 141
Survey of supply for pulp and paper industry	Nov 66
Synthetic binders' use growing in paper, board coating	May 91
Tradename directory for machinery and chemicals	BG 185

Coating/sizing

CFI modifies blade coaters to coat boxboard (Ga.)	May 144
Electron curing sets coatings, inks, and adhesives	Feb 94
European coating trends—grade changes, printing needs	May 69
North American coating trends—formulations, markets	May 65
Pigment, filler survey reports current, projected use	May 58
Single-component binders improve paper, board coating	Jul 160
Synthetic binders' use growing in paper, board coating	May 91
TAPPI Coating Conference looks at pigments, adhesives	Jul 134
Waterborne coating use increasing in flexible packaging	May 153
Zero-angle blade coater offers more coating flexibility	May 97

Energy conservation

Bark-drying system saves energy, generates more steam	Sep 171
Combustion control systems improve boiler efficiency	Feb 64
Firing lime kiln with tall oil pitch saves fossil fuel	Nov 150
G-P reduces energy requirements of tissue manufacture	Sep 164
Heat recovery systems reduce TMP energy consumption	Mar 146
IP tests displacement impregnation to save energy	Mar 68
New TMP heat-recovery system lowers energy costs	Sep 142
No. 6 oil with additives can be cheaper than No. 2	Feb 153
Properly sized blow-heat recovery system saves energy	Nov 105
Small projects can add up to large energy savings	Jan 136
Study shows how to save energy on linerboard machine	Oct 160
TAPPI Engineering Conference on energy conservation	Nov 73
Triple-action static mixer's low speed saves energy	Sep 113

Engineering

Alloy selection is key to suction roll shell longevity	Aug 108
Bark-drying system saves energy, generates more steam	Sep 171
Boise improves ammonium-sulfite recovery operation	Oct 157
CFI modifies blade coaters to coat boxboard (Ga.)	May 144
CZ prevents fires with water washdown/cleanup	Mar 126
Effect of environmental regulations on energy use	May 149
Engineering firms view pulp, paper industry costs	Sep 100
Equipment and supplies—supplier directory by product	BG 77
Firing lime kiln with tall oil pitch saves fossil fuel	Nov 150
FRP bleach washer vent hoods resist corrosion at Scott	Dec 130
G-P uses solid-state pressure transmitters at Toledo	Sep 200
Grooved press roll design proven effective in Europe	Apr 107
Heat exchangers at Boise use process exhaust air	Dec 132
Heat recovery systems reduce TMP energy consumption	Mar 146
High-pressure shower improves on-line clothing cleaning	May 155
How to select rough terrain cranes for mill use	BG 46
K-C uses ten exhaust fans for corrosive fumes	Aug 91
Kraft recovery boiler performance can be improved	Mar 96
Manufacturers and suppliers directory—by company name	BG 219
Mechanical chiller at Gilman reduces energy costs	Dec 132
Noise control programs involve mill-wide studies	Jul 150

Practical mill application—cleanability of coating dryer	May 118
Practical mill application—cylinder wall lubrication	Feb 121
Practical mill application—heavy-duty scales	Apr 160
Practical mill application—new coating for cartons	Feb 121
Practical mill application—screen over surge bin	Jan 84
Practical mill application—spoiler bars in yankee	Oct 80
Properly sized blow-heat recovery system saves energy	Nov 105
Publishers Paper installs electronic railroad scale	Dec 131
Recovery furnaces can be converted to power boilers	Apr 72
Saltcake removal—transverse vs longitudinal conveyors	BG 24
Self-priming pump handles slurry at Abitibi (Fla.)	Dec 133
Small energy-conservation projects can add up	Jan 136
Small machine series—multicylinder press rebuilds	Apr 104
Small machine series—optimizing dryer section	Sep 192
Small machine series—rebuilding older winders	Jan 88
Small machine series—rebuilding the calender stack	May 116
Small machine series—upgrading the press section	Mar 174
Steam injectors heat whitewater, coating at Blandin	Sep 196
Steam metering network installed at Boise Cascade	May 124
Study shows how to save energy on linerboard machine	Oct 160
Submersible pumps used in Newton Falls effluent system	Jun 126
Suction rolls—considerations for selection	BG 48
TAPPI Engineering Conference on energy conservation	Nov 73
Technical and consulting services directory	BG 157
Tradename directory for machinery and chemicals	BG 185
Triple-action static mixer's low speed saves energy	Sep 113
Using battery ratings to get optimum cranking power	BG 52
Wood, paper dust collected to supplement plant energy	Dec 131

Environmental control—air/water quality

API/NFPA Environmental Forum views government action	Aug 120
Balance environmental/social goals says Ruckelshaus	Oct 154
Boise improves ammonium-sulfite recovery operation	Oct 157
Consolidated's facility treats effluent from three mills	Oct 186
Effect of environmental regulations on energy use	May 149
Evaporator liquor losses cut by new separator design	Apr 163
How to select, maintain liners for settling ponds	BG 28
K-C uses new instrument to monitor TRS at Coosa Pines	Feb 91
Kraft recovery boiler performance can be improved	Mar 96
Landfill methods in Wisconsin meet environmental laws	Oct 128
Low-odor recovery furnaces—history of development	BG 42
Membrane-cell chlor-alkali system proves successful	Jan 144
Mixed media filtration trials do not achieve EPA goals	May 126
Northwood Pulp's lower sulfur inputs reduce emissions	Jan 85
Rayonier Canada limits lime kiln particulate emissions	Mar 180
S. D. Warren collects and incinerates odorous gases	Aug 118
Scott replaces sulfite mill with 800-tpd kraft mill (Me.)	Sep 70
Sludge dewatering techniques to meet pollution laws	Oct 180
Submersible pumps used in Newton Falls effluent system	Jun 126
TAPPI environmental conference looks at effluent	Jun 100

Expansion/modernization

Boise readies Wallula for expansion into white paper	Apr 66
Capacity additions in U.S. and Canada by state, province, and company	NAP 54
CCA replaces cylinder vats with new board machine	Nov 146
Chesapeake Corp. completes capacity expansion program	Feb 58
CFI starts up world's largest boxboard machine (Ga.)	Mar 62
Crestbrook mill converts bleaching, increases output	Aug 63
CZ adopts TMP and RMP for directory, newsprint (Wash.)	Jun 88
Finland's new mill features pulping of unbarbed pine	Jan 115
G-P adds medium capacity with wastepaper system (Ore.)	Mar 72
IP doubles Texarkana bleached board capacity	Oct 68
IP starts up new white paper machine at Androscoggin	Jul 127
Mead ups corrugating medium capacity to 775 tpd (Ala.)	Dec 65
Menasha rebuilds press section, ups medium production	Sep 140
New formers boost Belgian kraft mill capacity	Nov 76

New newsprint machines make Japan mill world's largest	Dec 118
Olinkraft starts up coated unbleached boxboard machine	Nov 95
Owens-Illinois starts up 500-tpd linerboard machine	Aug 55
Potlatch starts up 450-tpd bleached board mill (Ark.)	Jul 68
Price (Nfld.) modernizes by converting to RMP	Jun 114
Scott replaces sulfite mill with 800-tpd kraft mill (Me.)	Sep 70
Sweden's latest mill is world's largest TMP operation	Feb 116
Through-dryer adds life to yankee at Cascade Paper	Sep 78
Trent Valley triples paperboard capacity with new mill	Apr 96

Finance/economics

Analysts forecast forest products markets, trends	Sep 135
API/FBA conference looks to improving productivity	Apr 122
Canadian industry in 1977—economics, production	NAP 49
Capital spending programs at U.S. and Canadian mills	Jan 107
Company profiles: financial, production data of 75 leading U.S. and Canadian pulp and paper firms	NAP 69
Engineering firms view pulp, paper industry costs	Sep 100
European coating trends—grade changes, printing needs	May 69
Forms business growth fluctuates with changing market	May 62
Market pulp—review of 1977 worldwide exports, imports, capacity distribution	NAP 119
Newsprint growth to 1985 projected in study for ANPA	Nov 166
North American coating trends—formulations, markets	May 65
Outlook 1978—analysts debate U.S. consumption ratio	Jan 64
Outlook 1978—analysts vary on Canadian outlook	Jan 66
Outlook 1978—Commerce Dept. analysts look to 1978	Jan 68
Outlook 1978—economic forecast for Canadian companies	Jan 54
Outlook 1978—economic forecast for U.S. companies	Jan 51
Outlook 1978—market prospects for six major grades	Jan 56
Outlook 1978—wilderness bills threaten supply	Jan 69
Solid waste disposal tax to affect news, corrugated	Jul 130
U.S. industry in 1977—review of economics, production	NAP 21
U.S. newsprint, pulp production costs lower than Canada	Sep 108
World trends—summary of 1977 worldwide paper industry developments	NAP 103

Finishing/converting

Accidents in the finishing department can be prevented	Oct 102
Calendar area requires enforced safety practices	Oct 106
Cut-size, folio-size precision sheeting cuts costs	Aug 146
European developments—new equipment, processes	Aug 82
G-P starts up new board slitting/wrapping system (Ark.)	Apr 99
Modern finishing equipment requires inhouse maintenance	Jun 149
Railcar loading, unloading—safety procedures	Oct 97
Roll-handling systems—design considerations	Aug 66
St. Regis automates pallet strapping line	Oct 162
Solutions to problems caused by machine modernization	Dec 126
Tales of a troubleshooter—debunking a few myths	Sep 174
Tales of a troubleshooter—foreign labor practices	Jan 146
Tales of a troubleshooter—remembering unsung heroes	Apr 161

Management

Accidents in mills—a look at higher risk areas	Sep 197
Accidents in the finishing department can be prevented	Oct 102
Analysts forecast forest products markets, trends	Sep 135
API Capacity Survey forecasts steady growth for 1979-81	Dec 121
API/FBA conference looks to improving productivity	Apr 122
Bleached paperboard—market profile, production data	Aug 35
Balance environmental/social goals says Ruckelshaus	Oct 154
Brazilian pulp and paper projects—an update	Feb 148
Brazil's export pulp and domestic paper demands slow	Feb 146
Calendar area requires enforced safety practices	Oct 106
Canadian industry in 1977—economics, production	NAP 49
Canadian investment discussed by Con-Bath's Turner	Aug 60
Capital spending programs at U.S. and Canadian mills	Jan 107
Cartoonist's view of humorous side of 1977	Jan 62
Coated paper—market profile, production data	NAP 33
Community relations aid in dealing with the public	Feb 150
Company profiles: financial, production data of 75 leading U.S. and Canadian pulp and paper firms	NAP 69
Composite paper products entering competitive markets	Apr 69
Construction paper and board—market profile, production data	Nov 37
Construction paper and board—market profile, production data	NAP 40

Corrugating medium—market profile, production data	Jun 33
Corrugating medium—market profile, production data	NAP 38
CPPA reports minimal capacity additions for Canada	Dec 125
Current pulp market discussed by P&W's Landegger	Dec 70
Engineering firms view pulp, paper industry costs	Sep 100
Exercise facilities at K-C, Weyerhaeuser for employees	Jun 98
FBA Annual Meeting looks at 1978 record, 1979 outlook	Dec 128
FBA Spring Meeting reports first-quarter decline	Jul 157
Future of bleached board viewed by Potlatch's W. Gray	Oct 73
Humorous look at a finishing room supervisor's day	Apr 102
IP Employee Assistance Program helps troubled employee	Nov 173
John W. Gilbert discusses industry's R&D trends	Sep 168
Labor contract negotiations face 160 mills in 1978	Mar 90
Linerboard—market profile, production data	Jan 29
Linerboard—market profile, production data	NAP 37
Market pulp—review of 1977 worldwide exports, imports, capacity distribution	NAP 119
Mill managers responsible for health, safety programs	Apr 128
Moonlighting for fun and profit—2: your own business	Mar 152
Multi-ply formers—survey details performance, history	Dec 89
Newsprint growth to 1985 projected in study for ANPA	Nov 166
Newsprint—market profile, production data	Feb 29
Newsprint—market profile, production data	NAP 32
Northwood Pulp creates emergency rescue crew	Feb 62
No. 5 coated publication papers—market profile, production data	May 33
Outlook 1978—analysts debate U.S. consumption ratio	Jan 64
Outlook 1978—analysts vary on Canadian outlook	Jan 66
Outlook 1978—Commerce Dept. analysts look to 1978	Jan 68
Outlook 1978—economic forecast for Canadian companies	Jan 54
Outlook 1978—economic forecast for U.S. companies	Jan 51
Outlook 1978—market prospects for six major grades	Jan 56
Packaging and industrial papers—market profile, production data	NAP 36
Paper-grade chemical market pulp—market profile, production data	Sep 35
Present status and prospects for wastepaper recycling	Oct 134
Railcar loading, unloading—safety procedures	Oct 97
Recycled boxboard and paperboard—market profile, production data	Jul 31
Recycled boxboard and paperboard—market profile, production data	NAP 39
Selection and application information for air bags	Jun 70
Southern landowners hold key to future wood supply	Jul 124
Southern U.S. chip export hurt by European oversupply	Jun 144
Timber holdings and profitability: how 20 firms rank	Jun 62
Tissue—market profile, production data	Apr 31
Tissue—market profile, production data	NAP 35
Uncoated groundwood printing grades—market profile, production data	Oct 35
Uncoated printing/writing papers—market profile, production data	Mar 29
Uncoated printing/writing papers—market profile, production data	NAP 34
U.S. industry in 1977—review of economics, production	NAP 21
U.S. newsprint, pulp products costs lower than Canada	Sep 108
Wastepaper—review of 1977 production, consumption, export	NAP 124
Weyerhaeuser raises salmon with mill cooling water	Nov 148
World trends—summary of 1977 worldwide paper industry developments	NAP 103

Meetings/conferences

API/FBA conference looks at labor bargaining for 1978	Mar 90
API/FBA conference looks to improving productivity	Apr 122
API Paper Week looks at market pulp, energy conservation	May 146
CPPA/TAPPI Sulphite Conference touches all bases	Nov 101
CPPA Technical Section has varied annual meeting	Apr 156
CPPA's Hart sees improved Canadian economic attitudes	Apr 159
FBA Annual Meeting looks at 1978 record, 1979 outlook	Dec 128
FBA Spring Meeting reports first-quarter decline	Jul 157
On-line instrumentation symposium views developments	Oct 137
Rising rosin demand discussed at Naval Stores meeting	Dec 62
TAPPI Alkaline Pulping Conference has varied program	Jan 142
TAPPI annual meeting looks at wood as pulp, fuel source	May 94
TAPPI Coating Conference looks at pigments, adhesives	Jul 134
TAPPI Engineering Conference on energy conservation	Nov 73
TAPPI Environmental Conference looks at effluent	Jun 100

TAPPI papermakers meeting covers practical applications Jun 118
World conference discusses pulping, TMP heat recovery Mar 149

Papermaking/boardmaking

Better press felt selection reduces steam consumption Jun 95
Bleached paperboard—market profile, production data Aug 35
CCA replaces cylinder vats with new board machine Nov 146
Chemicals used in the pulp, paper industry—suppliers BG 141
Coated paper—market profile, production data NAP 33
Construction paper and board—market profile, production data Nov 37
Construction papers—market profile, production data NAP 40
CFI starts up world's largest boxboard machine (Ga.) Mar 62
Corrugating medium—market profile, production data Jun 33
Corrugating medium—market profile, production data NAP 38
Domtar improves water removal by double felting press Apr 126
Egyptian papermaking—a look at ancient methods Aug 112
Electron curing sets coatings, inks, and adhesives Feb 94
Equipment and supplies—supplier directory by product BG 77
European developments—new equipment, processes Aug 82
Fine papers possible with southern hardwood/pine pulp May 119
Forms business growth fluctuates with changing market May 62
G-P adds medium capacity with wastepaper system (Ore.) Mar 72
G-P reduces energy requirements of tissue manufacture Sep 164
Gravity screen makes reuse of wastewater practical Mar 93
Grooved press roll design proven effective in Europe Apr 107
High-pressure shower improves on-line clothing cleaning May 155
How to analyze performance costs and select wet felts BG 33
IP doubles Texarkana bleached board capacity Oct 68
IP starts up new white paper machine at Androscoggin Jul 127
Japanese developments—pulp, bleaching, deinking Aug 88
Linerboard—market profile, production data Jan 29
Linerboard—market profile, production data NAP 37
Manufacturers and suppliers directory—by company name BG 219
Market pulp grades—directory of North American sources BG 163
Mead ups corrugating medium capacity to 775 tpd (Ala.) Dec 65
Menasha rebuilds press section, ups medium production Sep 140
Modified batt-on-mesh felt has improved drainage Dec 73
Multi-ply formers—survey details performance, history Dec 89
New formers boost Belgian kraft mill capacity Nov 76
New newsprint machine makes Japan mill world's largest Dec 118
Newsprint—market profile, production data Feb 29
Newsprint—market profile, production data NAP 32
No. 5 coated publication papers—market profile, production data May 33
Olinkraft starts up coated unbleached board machine Nov 95
Open-discharge screen adjustment for best operation Sep 132
Owens-Illinois starts up 500-tpd linerboard machine Aug 55
Packaging and industrial papers—market profile, production data NAP 36
Paper-grade chemical market pulp—market profile, production data Sep 35
Pottlatch starts up 450-tpd bleached board mill (Ark.) Jul 68
Recycled boxboard and paperboard—market profile, production data Jul 31
Recycled boxboard and paperboard—market profile, production data NAP 39
Register of commonly used coating and filler pigments BG 36
Sheet knockoff methods need updating for new fabrics Jan 82
Sheet water removal in a press—review of fundamentals Sep 75
Sheet water removal in a press—role of wet felt Oct 76
Small machine series—rebuilding the calendar stack May 116
Static-element headbox handles increased width, speed Oct 183
Suction rolls—considerations for selection BG 48
Surface treatment at the size press—a review Apr 31
TAPPI papermakers meeting covers practical applications Jun 118
Technical and consulting services directory BG 157
Through-dryer adds life to yankee at Cascade Paper Sep 78
Tissue—market profile, production data Apr 31
Tissue—market profile, production data NAP 35
Tradename directory for machinery and chemicals BG 185
Trent Valley triples paperboard capacity with new mill Apr 96
Uncoated groundwood printing grades—market profile, production data Oct 35
Uncoated printing/writing papers—market profile, production data Mar 29
Uncoated printing/writing papers—market profile, production data NAP 34
Weyerhaeuser's new press section yields dryer sheet Apr 154

Process control

Arkansas Kraft puts digester under computer control Jul 73
Boise Cascade automates new boiler, reduces fuel costs Feb 156
Combustion control systems improve boiler efficiency Feb 64
Consolidated Papers checks saveall with on-line sensor Aug 94
Hammermill computer system automates caliper control Aug 144
Hudson recovery boiler under computer control Jun 140
K-C uses new instrument to monitor TRS at Coosa Pines Feb 91
Microcomputers proving worth for paper machine control Feb 98
Microprocessor developed for use on smaller machines Sep 80
Nekoosa Papers Inc. completely computerizes roll mill Feb 122
On-line instrumentation symposium views developments Oct 137

Pulp processing

Antraquinone—new pulping additive looks like magic May 86
Arkansas Kraft puts digester under computer control Jul 73
Chemicals used in the pulp, paper industry—suppliers BG 141
CPPA/TAPPI Sulphite Conference touches all bases Nov 101
Crestbrook mill converts bleaching, increases output Aug 63
CZ adopts TMP and RMP for directory, newsprint (Wash.) Jun 88
Developments in sulfur-free pulping, chemical recovery Mar 149
Displacement bleaching line attains over 90° brightness Jul 137
Equipment and supplies—supplier directory by product BG 77
European developments—new equipment, processes Aug 82
Fiber improved by bleaching in TMP pressurized refiner Aug 115
Finland's new mill features pulping of unbarked pine Jan 115
Flambeau washes sulfite pulp with new pressure washers Nov 152
Higher freeness found in TMP installations surveyed Jul 105
IP tests displacement impregnation to save energy Mar 68
Japanese developments—pulp, bleaching, deinking Aug 88
Lime kiln operates with plastic, not brick refractory Jun 146
Low-consistency oxygen bleaching seeks commercial use Jul 154
Low-odor recovery furnaces—history of development BG 42
MacMillan Bloedel solves recovery boiler limitations Feb 88
Manufacturers and suppliers directory—by company name BG 219
Mead ups corrugating medium capacity to 775 tpd (Ala.) Dec 65
Membrane-cell chlor-alkali system proves successful Jan 144
New Swedish TMP process uses single-stage refining Jun 121
New TMP heat-recovery system lowers energy costs Sep 142
Northwood Pulp's lower sulfur inputs reduce emissions Jan 85
No-sulfur pulping replacing NSSC and green liquor Mar 116
Ozone bleaching could close pulp mill water systems Jul 76
Pitch problems solved with specialty chemicals Mar 177
Price (Nfld.) modernizes by converting to RMP Jun 114
Prince George proves worth of DED bleaching in trials Apr 76
Refining, screening, pulp quality of TMP installations Jul 108
Saltcake removal—transverse vs longitudinal conveyors BG 24
Scott replaces sulfite mill with 800-tpd kraft mill (Me.) Sep 70
TAPPI Alkaline Pulping Conference has varied program Jan 142
Technical and consulting services directory BG 157
Thermoplastic refiner plates show promise in trials Mar 120
TMP installations—an exclusive worldwide survey Jul 99
Tradename directory for machinery and chemicals BG 185
World's largest TMP operation is at Swedish mill Feb 116

Raw materials/pulpwood/forestry

Automatic chip piling, reclaiming system at IP Jun 65
Crude oil produced from woodchips in pilot plant Apr 78
Diamond International opens hardwood chipping center Mar 182
Fine papers possible with southern hardwood/pine pulp May 119
Fuel from bark substitutes for coal, natural gas Jun 68
Harvesting techniques make practical whole-tree chipping Jun 92
How to select rough terrain cranes for mill use BG 46
Longwood use at woodyards is becoming more feasible Aug 136
Market pulp producers—worldwide directory NAP 127
Market pulp—review of 1977 worldwide exports, imports, capacity distribution NAP 119
Market pulp sales companies in North America NAP 133
Material handling test facility opened by Rader Jun 148
Outlook 1978—wilderness bills threaten supply Jan 69
Southern landowners hold key to future wood supply Jun 124
Timber holdings and profitability: how 20 firms rank Jun 62
Transporting random-length wood studied at Westvaco Jun 74
Union Camp feeds logs direct to barking drum Aug 91
Wastepaper deinking status—North American survey Nov 123
Wastepaper is worth more as fiber than as fuel source Aug 140

Wastepaper market forecast for 1978 by CCA's Katovich	Jul 79
Wastepaper—review of 1977 production, consumption, export	NAP 124
Market pulp—review of 1977 worldwide exports, imports, capacity distribution	NAP 119
Market pulp sales companies in North America	NAP 133
Multi-ply formers—survey details performance, history	Dec 89
New products, literature—review of most popular	BG 54
Paper/board consumption, pulp and paper production for 142 countries—1977	NAP 104
Production, trade data for 26 leading countries—1977	NAP 108
Showcase of new products and services for industry	BG 16
Technical and consulting services directory	BG 157
Top 20 companies—sales, financial performance	NAP 69
Top 20 companies—total pulp and paper/board capacity	NAP 70
Top 20 countries in 1977 per-capita consumption and pulp, paper, and paperboard production	NAP 107
Tradename directory for machinery and chemicals	BG 185
U.S. industry in 1977—review of economics, production	NAP 21
Wastepaper—review of 1977 production, consumption, export	NAP 124
World trends—pulp, paper, board production by continents and world total	NAP 106

Recycling

Present status and prospects for wastepaper recycling	Oct 134
Solid waste disposal tax to affect news, corrugated	Jul 130
Sonoco starts up wastepaper preparation plant (S.C.)	Mar 155
Wastepaper deinking status—North American survey	Nov 123
Wastepaper is worth more as fiber than as fuel source	Aug 140
Wastepaper market forecast for 1978 by CCA's Katovich	Jul 79

Statistics/listings/directories

API Capacity Survey forecasts steady growth for 1979-81	Dec 121
Canadian industry in 1977—economics, production	NAP 49
Capacity additions in U.S. and Canada by state, province, and company	NAP 54
Capital spending programs at U.S. and Canadian mills	Jan 107
Chemicals used in the pulp, paper industry—suppliers	BG 141
Company profiles: financial, production data of 75 leading U.S. and Canadian pulp and paper firms	NAP 69
Equipment and supplies—supplier directory by product	BG 77
Manufacturers and suppliers directory—by company name	BG 219
Market pulp grades—directory of North American sources	BG 163

Index by company of 1978 P&P feature articles, news

A		Arkansas Kraft Corp.		Boise Southern Co.	
APL Corp.		Digester under computer control		To add newsprint machine (La.)	
Expands tissue converting	Oct 15			Apr 11	
Abitibi Paper Co. Ltd.		B		Bowater Inc.	
1977 financial, production data	NAP 70	B.A.T Industries Ltd.		1977 financial, production data	
Self-priming pulp handles slurry	Dec 133	To buy Appleton Div. of NCR		NAP 72	
Takeover rumors circulating	Oct 19	Bear Island Paper Co.		British Columbia Forest Products Ltd.	
To buy Price outstanding shares	Nov 21	Newsprint mill planned for Va.		Antitrust complaint filed by Justice Dept. on Blandin acquisition	
Acadia Forest Products Ltd.		Bergstrom Paper Co.		1977 financial, production data	
To double bleaching capacity (N.B.)	Jan 9	1977 financial, production data		NAP 73	
Allied Paper Div.		P. H. Glatfelter to buy		Starts up hog-fuel plant (B.C.)	
1977 financial, production data	NAP 71	Bird & Son Inc.		To install electric power generator	
Alton Box Board Co.		1977 financial, production data		Mar 19	
Closes down board machine (Ill.)	Feb 11	Blandin Paper Co.		Brown Co.	
Develops new coating for cartons	Feb 121	Steam injectors heat whitewater		Dedicates water treatment plant (Wis.)	
1977 financial, production data	NAP 71	Studying coated paper expansion		Feb 25	
Starts up treatment system (Ill.)	Dec 29	Boise Cascade Corp.		1977 financial, production data	
Sues EPA over discharge permit	Aug 31	Acquires timberland in Carolinas		NAP 73	
American Can Co.		Begins processing potato starch		Shuts down deinking plant (Mich.)	
EPA warns on wastewater (Wis.)	May 27	Fastest coated machine at Rumford		Jan 11	
Fort Howard sues for dry-forming license on Kroyer process	Dec 23	Improves recovery operation (Ore.)		To test use of sludge as landfill	
1977 financial, production data	NAP 71	Installs new package boiler (Ore.)		Jan 25	
Pope & Talbot buys 50% of mill	Apr 17	Installs steam metering network		C	
American Can of Canada Ltd.		Installs treatment system (Wash.)		Canadian Cellulose Co. Ltd.
